

# SPARTAN PERIPHERAL DEVICES

## RETROFIT SELECTION GUIDE

### JOHNSON-CONTROL

#### **AV27**

AV27 retrofit linkage adaptor.

This linkage converts the metric M28 thread of Johnson to Spartan M30 thread.

Allow replacement for series VA-74XX actuator on VG4000 and VG5000 valve bodies.

This allows retrofitting of all Spartan actuator to this valve model except for the Spartan Thermostatic series.

Typical 2 way Johnson valve with AV27 linkage

AV27 attached to valve body

Johnson valve with AV27 and a Spartan actuator.
